## FLY FISHING

You will want to compare fish tales after experiencing some of the country's best fly fishing on the Grand River. In fact, over half of the fish species in Canada are in the Grand River watershed. Why not try your hand at fly fishing with experts found in your own backyard? The County of Brant. With over 80 species of fish there will be no disappointment on one of the "World's Best Managed Rivers."

If you are a fly fishing fanatic, get your hooks into some rural fishing with the family. Pack a picnic lunch and after fishing, head into Paris, Burford or St. George for an ice cream treat.

# EXCEPTIONAL EXPERIENCES

## CRAFT BREWS FOR YOU

Try one of the County of Brant's breweries or cideries. You can head to **Steel Wheel Brewery** where the outdoor beer garden of a century farmhouse is the perfect place to while away the afternoon in the countryside. Just down the road is **Howell Road Cider**, the place where you can purchase some of the best hard cider in the area. Two new locations have opened and one is in the heart of downtown Paris called the **Paris Beer Company**. You can enjoy great tasting local made craft beer and a scrumptious lunch. The last brewery to mention is **Flux Brewery** in Scotland where you can enjoy a pint, bottle or growler and take some home.

**Please do not drink and drive.** Book ahead and call **Brant Transit** or call one of our local cab companies to get you home safely after a great afternoon.
